BOLD ROBBERY

Thief Enters Chenoweth's Drug Store Saturday Night or Sunday Morning and Gets Away With \$130

No Clue Found Yet As to Who the Culprit is—Postoffice Inspector to Be Placed on the Job Today

Some time between 10:20 o'clock Saturday night and 7 o'clock Sunday morning a thief entered Chenoweth's drug store and stole \$130 postoffice money, this being Postal Sub-Station No. 3, for the city of Maysville.

Before closing Saturday night the usual routine of turning off the water, locking up the cabinet which contained the Postoffice money, money orders and stamps, and seeing that everything was fixed right was gone through by Mr. Dern and his clerk, Mr. W. H. Willis. Mr. Dern himself locking the cabinet which contained the money. Mr. Willis locked the front door in the presence of Mr. Dern, and then each left for their respective homes.

On Sunday morning Mr. Willis opened up the store at 7 o'clock and found he placed slightly different from the way it was left Saturday night. The cabinet was open and at first Mr. Willis thought perhaps Mr. Dern had gotten worried about the money being there and had come down and gotten it. In going to the rear of the store however, he found the poison case open and several bottles of poison were out on the counter. He immediately called Mr. Dern by phone and told him that something was wrong and Mr. Dern immediately came down to the store, finding things in the condition above mentioned. One hundred and thirty dollars in bills of \$2, \$5 and \$10 denominations, mostly money that had been taken in for money orders the previous day, was missing from the cabinet. A large number of stamps and several dollars in small change were not molested, however, nor was the cash register, which contained about nine dollars.

The poison case being disturbed would on the face of it lead one to think that the thief was a dope fiend hunting for cocaine or morphine, but as nothing was missing it looks as if this was merely done as a blind by the thief.

Chief Mackey was notified and is now working on the case.

The front door was supposed to have been jimmied open, but the marks are not very plain and the paint on the door does not even seem to be broken. This would lead one to believe then that someone entered with a skeleton key.

On Saturday night Mrs. Ernie White had a money order for \$100 issued and it is thought that someone on the outside saw the money paid over to Mr. Dern, watched where it was placed and then bided his time to get the money.

Postmaster Kehoe was notified of the robbery yesterday afternoon and a Post office Inspector will be here today to investigate the matter.

PATRICK L. GANTLY

Prosperous Mason County Farmer Called to Rest, Aged 49 years.

Mr. Patrick F. Gantley, aged forty-nine years, died Sunday at noon, from a complication of diseases, at his home near Wedonia.

Mr. Gantley was one of the county's most prosperous and upright farmers, a man of the highest integrity and industry, a faithful, devoted son, husband and father.

Besides his aged father, he leaves a heart-broken wife, who was formerly Miss Katie Maher, of this city, and eight small children, and four brothers, Will of Hamilton, Ohio; John, James and Thos. of the county.

S.A.S VOTE BUYING GROWING UNPOPULAR.

Former Congressman James N. Kehoe, of Maysville, who came to Lexington last Thursday on the Bryan special, said in the course of a chat on political reforms that within a very few years the use of money in elections will be considered quite as ineffectual and immoral as the use of whisky now is regarded in nearly all communities. He ventured the opinion that the candidate who used money with a view of securing votes does not get 10 per cent in return for the dollars he spends.—Lexington Cor. Cincinnati Enquirer.

ENQUIRER SAYS DEMOCRATIC

TARIFF LAW IS A FAILURE.

The work of framing a bill for placing war taxes upon the business men of the United States proceeds with much opposition from the members of the Republican and Progressive parties, and amid dissension and contention in the ranks of the Democratic organization.

It is an uncalculated measure; an unpopular measure, and one that should receive the condemnation of the American people at the polls.

The Democratic members of the Senate and the House should have the courage to revise their tariff law.

They should have the political judgment to appreciate the fact that the voters of the United States are in opposition to the placing of direct taxes, of new burdens upon the business interests at all times, but especially so at this time, when all business has been under such strain, such tension, such disarrangement for months and years.

The proposing of this measure by the Democratic leaders is an open confession that the revenues yielded by the customs under the new tariff law are insufficient, and this supplementing of them by new, odious and burdensome direct taxation of business interests only arouses the people to a full sense of the Democratic failure to provide the revenue through the tariff duties.

Why not boldly and courageously revise the tariff law and secure revenues sufficient to cover the expenses of the Government?

The Democratic platform, the Democratic thought, the Democratic promise has for many years been a tariff for revenue, and why not then carry those platforms, that thought and that promise to its logical conclusions, viz, securing revenue through the tariff?

It will be approved by the Democratic voters, Republican voters, by the Progressive voters, this proposition to place new taxes, various, costly taxes, war taxes in time of peace, business men who are confronted daily by difficulties; who are suffering by the disunion occasioned by the European war; who are hampered by stringency in financial affairs; are already victims of city, county, state and national taxation, is a political blunder, an administrative mistake, a legislative oppression, which Senators and Congressmen who vote for new tax impositions upon the business interests of the country should be rebuked by their constituents at the polls when they present themselves for re-election.

It is only by voicing opposition in such an effective manner that the business men, the workingmen, the citizens of this republic can control their government.—Cincinnati Enquirer.

In the factories of Bucyrus, Ohio, where there is work for but four days of the week, the other two are called "Wilson Holidays."

If the present revenue laws do not produce enough to run the Government with the sugar tax still bringing about \$60,000,000 a year, what will be the result in 1916 when sugar, under the new law, goes on the free list? Is it possible that our Democratic friends saw this shadow and made haste to cover it with a so-called "war" tax when we are at peace with all the world?

Alarmed by the widespread industrial depression resulting from Democratic incompetency, Secretary, son-in-law, McAdoo rushes despairingly into print, threatening the banks with dire consequences if they do not loan more money. The spectacle of a Cabinet Minister, without knowledge of responsibilities to be met or the securities offered, to peremptorily order the banks of the country to increase their loans but argues the desperate realization by the Administration at Washington that public confidence is slipping away from it.

NOT UNDER DEMOCRATS.

The blessings of peace do not necessarily include exemption from a war tax.—Star, Washington.

GOOD LUCK OMENS.

The purchase of 24,000,000 horseshoes by the allies ought to bring good luck all around.—Washington Post.

ENVELOPING MOVEMENTS.

There seem, however, to be some physical difficulties in the way of "enveloping" a million or so men.—Kansas City Times.

WHICH PARTY GIVES YOU A JOB?

A campaign slogan is catching on among workmen who voted for Wilson is, "I love my party, but Oh, you job!"—Ripley Bee.

WHEN COLD COMES.

A cold winter will add to the hardships of the armies, beyond doubt, but what of the peasantry and the poor devastated cities.—Boston Herald.

SENSITIVE.

Mistress—Why, Mary, isn't this your Sunday afternoon out? Aren't you going for a walk this lovely day?

Mary—Please 'M, I'd rather stay in. You see most of the people out on a Sunday is couples, and I don't like to be conspicuous.—Punch.

RIPPING STORY, OLD CHAP.

Sir Donald Mann, of the Canadian parliament, is stopping at a local hotel.

"The other day," said Sir Donald, "I witnessed a funny scene in a refreshment room of the Canadian Pacific station in Montreal. An Englishman was sitting at one of the large tables, and next to him a man who seemed to belong to the humbler walks of life.

"Please pass me those potatoes," said the man to the elegant gentleman. The latter slowly focused his eyes on the speaker and haughtily asked, "Did you think I was one of the waiters?" I expected to see our poor friend shrivel up, but he turned and beckoned to a waiter:

"George, come here, please."

"What is it, sir?" asked George.

"I want to apologize to you. You see, I mistook this party here for you, but I hope you won't be offended by it."

And now pass me those potatoes."

"That's what you call a boomerang, eh, what?" laugh ed Sir Donald.—New York American.

WHAT DEMOCRATIC POLITICS DOES.

President Harrison, of the Southern Railway, points out the effects of politics, higher taxes and the war. The increase in revenue in 1914 over 1905 was 44.42 per cent, expenses 50.06 per cent, and taxes 93.90 per cent. He says, however, the future is bright. One third of the Southern Railway stock is held in Europe. As of September 15, 1914, \$62,852,400 of common and preferred stock was held on the other side.

BUSINESS PROSPERITY.

No Reason for Industrial Depression.

Prosperity is a happy state. It depends upon good credit, stable prices, employment of wage earners and a general confidence in the future.

Of late there seems to have been an unnecessary amount of business depression, due mostly to the lack of fairness of one class toward another, and to a little dishonesty or overreaching scattered through all the classes, but not in a majority of any of them.

In a country of our enormous natural wealth, we should have little to worry about. The United States, with its insular possessions and Alaska, is nearly as large as Europe. Our coasts are indented with excellent harbors and intersected by internal waterways, and we have, by far, the finest and cheapest coast railroad transportation in the whole world, making communication cheap and easy. We have tremendous water power and every variety of climate and soil. Magnificent forests cover a great area of our territory. Our land is liberally stocked with almost every variety of mineral wealth, and with our vast agricultural wealth we are the world's great granary.

When corporations are reformed and their bills aired by publicity, and when business men begin to feel a renewed confidence, and when political "cure-alls," who never make a success of their own affairs, quit offering "remedies" for all sorts of imaginary troubles; when we have full publicity in politics and in government; when business managers and employees treat each other fairly, the causes for apparent depression will disappear and real prosperity will return and stay with us.

Certain-teed Roll Roofing is guaranteed 5 years for 10¢, 10 years for 20¢ and 15 years for 30¢, and the written guarantee is backed by the assets of our big mills.

In addition to above we also make a complete line of other roofing, building papers, etc. Ask your dealer, or write to us, and we will give you further information about our goods and will quote you reasonable prices.

TO CARRY HORSES.

Seattle, Wash.—The Great Northern's

BUSINESS COURAGE.

No man in America is nearer the

heart of American business than Judge

E. H. Gary, the head of the steel trust.

In his commanding position in our most

fundamental industry he is in touch

with the basic facts of the nation's economic

life. When he speaks of business

conditions his words carry more weight,

perhaps, than those of any other man

in the country. And this is what Judge

Gary says of the present situation:

"What this country needs now more

than ever is courage. This is not the

time for Americans to be 'quitters.' It

is time for prudence and economy, but

not for hysterical economy. There is

danger that some of our business

men in their over caution will wreck

the mechanism of their own organiza-

tions and injure every one else."

It reminds one of the blunt formula

of the elder Morgan: "Don't be a

'bear' on America. That great financier

would doubtless agree with Judge Gary

that this is not the time for American

enterprise to "quit." Even amid the

uncharted hazards of world-wide war

conditions, prosperity is still the safest

bet.—Owensboro Messenger.

MADE BOOZE WAGON OF IT.

(Flemingsburg Times-Democrat.)

Saturday night last some thirsty fel-
lows out at Hillsboro stole the auto of
Roy H. Threlkeld and lit out for Mays-
ville after murder juice. The party
got back some time that night with
some of the tires on the blink and in
bad condition generally. We are told
that warrants are out for the guilty
parties and Mr. Threlkeld intends to
prosecute them to the limit. This is
quite a serious offense, a felony, in fact.

TWO ACCIDENTS IN ROBERTSON.

Last week, while trying to catch
a calf to muzzle it, Will Kain met with
a very painful accident which might
have proven serious. In the scuffle that
followed, the calf thrust one of its
horns into Will's face, just to the right
of the nose, making a perforation that
resembled a large bullet wound. It
was a narrow escape from serious in-
jury.

One day last week, while Claude
Bentley and Mont Kenton were driv-

her to turn her back. About the time
Mont kicked, the sow opened her mouth
and the top of Mont's foot struck a
tusk tooth in the sow's mouth, the
tusk penetrating the foot and making
a serious injury, from which it has been
feared blood poisoning would result.

BAD FOR PUBLIC

Is the Discontinuance of Train On
L. & N.—May Soon Be Put Back.

(Carlisle Mercury.)

Superintendent W. H. Anderson, of
the local division of the L. & N., came
to Carlisle Monday morning to meet
with the business men of the town and
hear the argument here in favor of
continuing the train which reaches here
at 6:15 going to Maysville and re-
turns at 9:18.

Mr. Anderson stated that he had re-
ceived petitions and letters not only
from the business men of Carlisle and
Nicholas, but from Maysville and Lex-
ington as well, and that he was about
convinced that this train is a necessity
during the tobacco season. However,
he said, that owing to the absolute
necessity of cutting down expenses
somewhere, he did not feel warranted
in taking up the matter with the of-
ficials of the road and urging the con-
tinuance of this train just now. He
stated, however, that he would meet
about the first of December with local
business men, and take up their case
for the resumption of this train service
during the tobacco season.

The elimination of this early train
will work a hardship on the rural mail
service, the carriers leaving town be-
fore the 8:20 train reaches here, thus
depriving rural subscribers of a daily
paper until the following day.
School teachers at Myers and Pleasant
Valley, who go down each morning
will also be forced to board near their
schools in stead of going down each
morning.

As stated in The Mercury last week
Mr. Anderson seemed to think that this
order possibly would be temporary, and
coming at a time when there is a lull
in travel, would not prove so incon-
venient as expected. A general policy
of retrenchment adopted by the road
on account of a falling off of some
thing like a million dollars in earnings
since the first of July, is responsible
for the order, which will affect the com-
muter service on several branches.

The order, which goes into effect Sun-
day, will eliminate only one train on
this branch—the early north bound
train. The rest of the schedule will re-
main as at present.

SAYS ELLA WHEELER WILCOX:

In every thousand people who are liv-
ing on this earth, not more than one is
alive. To be really alive means more
than to be a moving, breathing, eating,
drinking and talking human creature.

The man or woman who achieves great
things in the mental world, and who
neglects the body, the health, the per-
sonal appearance, cannot live life to its
fulness—or perfection.

Thought is power, and when thought
is spent on the By-and-by instead of be-
ing used on the Now, it is as wasteful as
to throw gold into the sea instead of
sending it into circulation to benefit
humanity.

The years may be compared to doves
of wild horses. If you fly in terror be-
fore them they will trample you under
their feet, but if you tame and har-
ness them they will carry your chariot
to the summit of success.

There is no such thing as standing
still in this world. Each soul is either
a little stronger or a little weaker,
a little nobler or a little less noble,
a little more self-reliant or a little more
dependent today than it was yesterday.

The face cannot stay young unless
the heart is kept warm.

BANQUETED

(Continued from first page.)

by George Rathbone in 1864 and how it had grown until now there are over two million Pythians in the United States and of all the lodges in the United States the Pythians rank third in number of members. He told the beautiful story of the friendship of Damon and Pythias in Syracuse twenty-three hundred years ago and how this was the keystone of the K. of P. order.

One of the young ladies of the Pythian Home Quartet sang two beautiful selections.

Our Pythian Home.
"Daddy" Moore, Superintendent of the Pythian Home at Lexington, Ky., was the next speaker and he gave an interesting talk on "Our Pythian Home." He told of the great work being done by this institution and said that the quartet composed of young ladies that he had brought with him were just a sample of what useful men and women they were turning out.

"Friendship"
Prof. W. T. Berry was the next speaker on the program and his subject was "Friendship." Although not an orator Mr. Berry told some vital truths that went home to the hearts of his hearers. His message was to the point and carried much weight.

"Charity."
Mr. George H. Frank told part of the 13th chapter of Corinthians, which tells the message of Charity. Giving of money is only a lower conception of charity. He prepared at all times to do unto others as they would that others should do unto you.

"Add To and Stick Together."
Hon. C. D. Newell's toast was "Add to, and Stick Together." A precept to be said over and over again. He told of attending the grand lodge and the brightest men were always in attendance. Urged members to help the Grand Chancellor in carrying the burden.

George W. Carter, Grand Keeper of Records and Seal, made a stirring speech urging the united support of Pythians. The Kentucky Pythian home is located near the city of Lexington, in the beautiful and historic Bluegrass section. Under the rules the boys remain until they are sixteen and the girls until they are eighteen. The buildings have a capacity of one hundred and fifty children, the present number now being one hundred. It has kept widows and orphans from becoming charges upon the public by providing homes that permitted them to enjoy as nearly as possible the comforts of the family fireside. Let us live up to our principle—Friendship, Charity and Benevolence.

Grand Chancellor Sherman Aza responded to the toast "A Message to Pythians" and said in part:

"Brothers, it is impossible for me to express my appreciation of the high honor which was conferred on me by the Grand Lodge Knights of Pythias of Kentucky last week in Frankfort when I was elected to the office of Grand Chancellor, the highest office within the gift of the Grand Lodge.

"I have decided there is but one way to show this appreciation, and that is to devote my time and attention during the coming year to the upbuilding of this great order while I occupy the executive chair, and then at the end of my term, step back in the ranks and work with the brothers of this lodge, for the betterment of Pythian conditions in this town.

"My predecessor worked hard to bring the membership up to twenty thousand and failed, and Brothers, this is my aim, to bring the membership up to at least twenty thousand. No man who 'hitches his wagon to a star,' ever really attains his ambition, but I am one of those people who believe that it is better to fall short of a high aim, than to reach a low aim.

"So Brothers, my 'Message' is: Let's all join hands and make the coming year the banner year in Pythian history. We can if we try. To work for the advancement of our beloved order is certainly incentive enough to spur us on to do our best.

"Study the Ritual my Brothers. Learn it's lessons by heart, and in your daily life you will find your sympathies have been broadened, and the

IT IS VITAL THAT YOU HELP NOW.

If each person in Maysville and Mason county would stop and think soberly about the great good accomplished by the Mason County Health League we know of a certainty there would be such a public uprising as to quickly get the desired money necessary to run the organization for the coming year. Every one knows what the money goes for, how from time to time reports are made and published so that he who runs may read. If every one in Maysville even were to deny himself 5 cents in a single day we would have enough money. You who are in health forget that some day you will be down. Better lay by in store a good report so that you may be able to reap when you have sown. Give today and give to any of the papers in Mason county —to Mr. Frank H. Clarke or to Mr. Winslow Ball.

practice of our principles will become an every day joy. From Damon and Pythias we have learned that the bond of friendship is a sacred thing and when we pledge a Brother our friendship we must as true Pythians stand by him to the end.

"One thing Brothers, why this order especially appeals to me aside from attending the sick, burying the dead, and caring for the widow and orphan, is the sincere heart-to-heart friendships I have formed with it's members; friendships with men who bear the stamp of real, true men; friendships pure and unselfish; friendships that I know will be mine as long as life lasts, and then will be extended to those I leave behind.

"Brothers, the more I study the principles of Pythian knighthood, the more wonderful do they become to me. Every time I read our Ritual, the more clearly do I realize the duty I owe mankind, and the debt of gratitude I owe the grand lodge of Kentucky, and the loyal members of Limestone Lodge No. 36, for the honors they have conferred on me."

After the speechmaking came the eating. The appetite was looked after, and at a late hour the members departed feeling better for having spent so delightful an evening. Long will the memories of this happy occasion linger.

This Sunday is the fourth anniversary of the coming of the Rector to this Parish. He introduced the custom, on each anniversary, of giving an account of the work during each year. Come and hear please what we have done. It is a gratifying account.

All seats free at all services. Strangers are particularly welcome. It is your church as much as ours because it is the House of God.

JAMES H. FIELDING, Rector.

First Baptist Church.

There was a nice increase in the Sunday School attendance last week, and a splendid program was carried out. Another helpful, and interesting program will be used to close the school tomorrow morning. The grading of the school was a thorough success, so be present at 9:30 in the morning and get acquainted with the new system.

"Learning Love's Lessons" is the subject of the morning sermon, and "Jesus Our Savior" for the evening hour. The pastor will preach at both hours—10:45 and 7 p. m.

B. Y. P. U. services at 6 p. m. The Young People have their own choir and program; it will profit you to be present.

You are most welcome at all or any of these services.

H. B. WILSON, Pastor.

Third Street M. E. Church.

Tomorrow will be Sunday School Rally Day and Harvest Home. As announced yesterday the Rally Day exercises will occupy the morning hours. Every member of the church should attend. The program is very attractive, especially the musical numbers. Don't miss this service. Everybody invited. Service begins downstairs at 9:30 and in the auditorium at 10:45.

The Harvest Home service will take place at 7 p. m. The pastor will preach using as his text the words of the Psalmist, "Thou Crownest the Year

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.
